

ATLAS || The most advanced Crew Center - ThirdParty - Infinite Flight Community

community.infiniteflight.com

ATLAS is a state-of-the-art **Free** VA Crew Center developed by VACenter. We created it using advanced technology and innovative features to enhance your experience with your VA.

We offer every feature any other crew center offers

for absolutely no dollars coming from you.

Features

Routes of the Week

With ATLAS's new Routes of the Week System, you can now have multiple Routes in your Routes of the Week and schedule it many weeks in advance.

Light/Dark Mode

Thanks to our new UI, you can switch between a beautiful dark theme or light theme.

Statistics and Charts

Experience complex charts and statistics to help you grow in your VA and see how your airline is doing.

Custom Logins

Customers on the Pro Plan and above can create their login with a custom image for their VA.

Streaks

Do you have Snapchat or Duolingo? Have you ever had a streak with a friend in one of those apps? Similarly, in ATLAS you can start a streak by filing a PIREP many days in a row.

Modern User Interface

We updated your end to be much more cleaner and nicer. It has a much more smooth look and a complete revamp to the look.

And so much more...
