

Transaction Scorecard

Evaluate every add and drop in your league, comparing performance since the transaction against positional baselines. See which managers are acing the wire, who's flunking their moves, and how your team stacks up. It's the ultimate report card for fantasy pickups - perfect for strategy and for trash talk.

PRO TIP: You can use the [Free Agent Finder](#) to find our top-recommended roster adds.

Acquisition Leaderboard

Which managers have used the wire best? This leaderboard ranks every team's transaction strategy by both quality and quantity of moves, balancing efficiency against activity to spotlight the sharpest managers.

Team	Moves	Eff. Moves	Quality	Quantity	Balanced	Best Move	Worst Move			
Murakami Meatballs		255		159.41		48%	99%	63.71	R. Feltner Drop	R. Nelson Drop

Top 10 Best Adds Best Adds

The biggest home runs from the waiver wire. These are the ten most impactful pickups across the league, based on above-baseline performance since the add date.

Sometimes the toughest losses come from players you let go too soon. This report shows the drops that hurt the most, highlighting players who went on to deliver strong performances for other teams after being cut.
