This certificate is awarded to

Carles Lara Llaó

for the successful completion of the course

Health in Emergencies

Health in Emergencies

IFRC

This is an introduction to Health in emergencies.

The Red Cross and Red Crescent Health activities cover all components of the rapid response mechanisms. It includes Information System (RCHIS) combining the functionality of an Electronic Medical Record (individual patient medical records), Health Information System (de-identified reporting), and health facility management system (human resources and stock management) to improve patient quality of care and medical operational efficiency.

In this 30-minute online course, you are invited to watch the Surge Series episode on Health in emergencies, to do a self-check, and to explore other related resources.

Online Course - 0 Hours 30 Minutes

This online learning was completed by Carles Lara Llaó on 21 November 2023.
